About Us

Pouyandegan Rah Sadra Espota Company has been dedicated to enhancing community health since 2009, specializing in the import of a wide range of home-care products and patient care equipment.

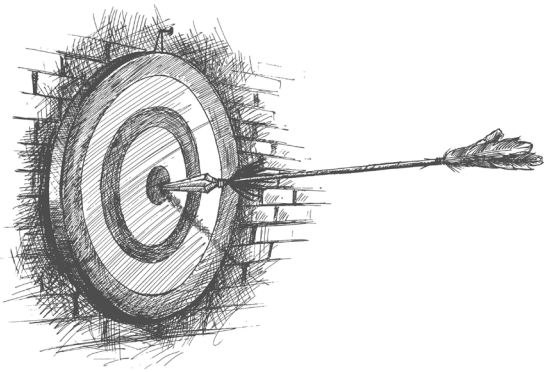

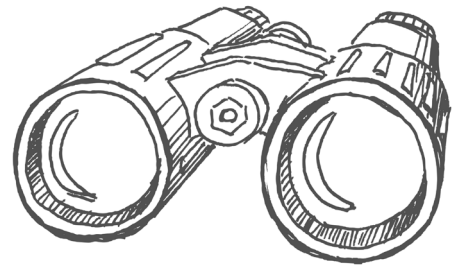

As a subsidiary of Parmis Darou Darman Holding, our company uses modern knowledge and extensive experience to expand beyond basic care products into specialized medical equipment.

We are committed to promoting public health within a framework of ethical and human values. By providing high-quality, standardized products, we aim to make a meaningful contribution to improving health outcomes and enhancing patients' quality of life.

Our Mission

At the heart of everything we do lies our commitment to improving the health, safety, and well-being of society. We strive to deliver essential, high-quality products and services that help individuals lead healthier, safer, and more comfortable lives.

Our Goals

Enhancing the Quality of Products and Services: Implementing modern technologies and international standards to ensure the highest quality in home-care equipment and services.

Increasing Customer Satisfaction and Trust: Focusing on customer needs and expectations to deliver a safe, continuous, and positive experience.

Improving Patient Safety and Well-Being: Prioritizing health, safety, and comfort at every stage of product and service delivery.

Empowering Our Human Capital: Educating, supporting, and fostering employee growth to maximize productivity and job satisfaction.

Contributing to improving health outcomes and enhancing patients' quality of life.

Our Values

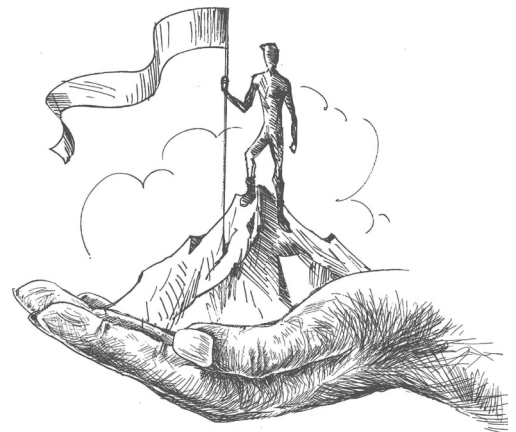

Customer-Centric Approach: We listen to our customers and use their feedback to drive continuous improvement.

Building Trust: Establishing and maintaining trust with our customers, colleagues, and business partners is a cornerstone of our operations.

Customer Satisfaction: Achieving complete customer satisfaction is the ultimate goal of all our efforts.

Respect for Employees: Our human capital is our most valuable asset, and we are dedicated to their well-being, growth, and dignity.

Professionalism: We uphold ethical principles, expertise, and commitment in all our responsibilities.

Suture and Needle Types

Absorbable Sutures

PDO/Polydioxanone

PGA/Polyglycolic Acid

Non-absorbable Sutures

SILK

NYLON

Needle Points And Cutting Edges

Needle Types	Needle Shapes	Point Geometry	Applications
Round Bodied Taper Point	1/2 circle 		Soft tissue closure such as fascia, vascular, gastrointestinal, and most soft tissue below the skin
Reverse Cutting	3/8 circle 		Skin closure, ligamentous or fibrous tissues

External peel pouch

Aluminium tear pouch

Need to remove carton support

PDO Suture (Polydioxanone)

Absorbable Sutures

Type: Monofilament

Composition: Polydioxanone, a polymer made from Polyester

Tissue Reaction: Minimum Tissue reaction

Size: 2-5/0

Color: Violet

Suture absorption time: The hydrolytic action by which the material is broken down results in total absorption in approximately 120 to 180 days. More than 65% of initial strength after 28 days at 37°C

Sterile: Ethylene Oxide

Quantity: Box with 12 Sutures
